

## Hydrangea paniculata DENTELLE DE GORRON ® 'Rencri' - Pépinières Renault

**Product** Hydrangea paniculata DENTELLE DE GORRON ® 'Rencri'

**Reference** 2

**Product Image**

**Summary** Laced panicles...

**Description**

Up into September, DENTELLE DE GORRON ® is remarkable for the abundance and lightness of its white flowers with green, then turning creamy white. Each panicle, 30 cm long, is made up of a cloud of simple small flowers supported by a long pedicel and having fine petals, all together they give a nice feathery look, reminding us of lace. The number of flowers is limited. This variety of Hydrangea paniculata has also been selected for its early flowering.
